EURO PM2024
CONGRESS & EXHIBITION
CALL FOR PAPERS

EURO POWDER METALLURGY
Congress & Exhibition
29 September - 02 October 2024
Malmö, Sweden
europm2024.com
About Euro PM2024

Europe’s annual powder metallurgy congress and exhibition is set to make its second visit to Sweden in 2024, after Gothenburg in 2013, and is being held in Malmö 29 September - 02 October 2024. Euro PM2024 Congress & Exhibition, which is organised and sponsored by the European Powder Metallurgy Association (EPMA), at the MalmöMässan, a modern event centre, easily reachable from the city centre.

The combination of an all-topic world-class technical programme and a state-of-the-art exhibition will provide the ideal networking opportunity for suppliers, producers, and End-Users to discover the latest trends and innovations in the industry.

Congress Organisers

Euro PM2024 Congress & Exhibition is organised and sponsored by the European Powder Metallurgy Association (EPMA). EPMA, a non-profit organisation, is the leading trade association for powder metallurgy in Europe. Its key functions are to represent the interest of the European PM community and to promote PM technology throughout the world. Further information about services and membership can be found at www.epma.com.

Abstract Submission

Abstracts should be submitted using the online submission form on www.europm2024.com between 01 November 2023 and 15 January 2024. Abstracts must be between 100 and 150 words in length and give sufficient information to allow the Technical Programme Committee to evaluate the proposed presentation.

Please note abstracts submitted after 15 January 2024 will not be accepted.

Congress Proceedings

Presentations from the oral and poster technical sessions will be published in the Congress proceedings and these will be made available to delegates at the time of the Congress.

EPMA also has agreements with ProQuest LLC, Cambridge Scientific Abstracts, and Scopus to enable the wider circulation of papers presented at EPMA conferences and to enhance their standing in the academic community.

Therefore, the papers from Euro PM2024 will subsequently be made available to the subscribers of these products after October 2024. Papers from past Euro PM and World PM Congresses are also available on www.epma.com.

Language

English will be the official language of the congress.

To Present a Paper

Authors are invited to submit abstracts of papers for presentation in the Technical Programme. These should be of original and unpublished work. Commercialism in manuscripts, presentations, or visuals will not be permitted.

Papers will be allocated to oral and poster sessions by the Technical Programme Committee (TPC), based on authors’ wishes, overall evaluation, and limits of the time schedule. It is planned that oral sessions will each contain four presentations, with 20 minutes scheduled for each paper, including discussion time. Poster presentations will be located in allocated topic zones and will be on display for the duration of the event. The manuscript for all accepted papers should be no more than 8 pages and must be submitted through the online procedure by Wednesday 02 May 2024.

When assessing submitted papers, the TPC will consider:

• The originality and novelty of the subject
• Critical study of a process, or a product in the course of development
• Study of the effects of fundamental scientific results on R&D
• Description of industrial achievements
• Technical/economic analysis of processes
• Comparisons with competitive processes or products

europm2024.com
Abstracts can be submitted on the following topics:

- POWDER PRODUCTION
- CONSOLIDATION TECHNOLOGIES
- MATERIALS
- APPLICATIONS
- TOOLS FOR IMPROVING PM

A more detailed list of topics can be found at www.europm2024.com

**Conditions**

The text of all papers will be refereed by members of the TPC and they reserve the right to reject any paper that does not meet its evaluation criteria. The inclusion of a paper in the final programme will also be dependent upon:

- The submission of the manuscript by the official deadlines and the receipt of the transfer of copyright agreement.
- The presenting author completing their delegate registration and payment by the official Authors’ deadline, **Wednesday 12 June 2024**.

Note to Authors: All costs relating to Congress participation, including registration (special rate for authors), travel, accommodation, and subsistence expenses, will be covered by the author. To Submit an abstract visit: [https://europm2024.com/call-for-papers/](https://europm2024.com/call-for-papers/)

**The EPMA Keynote Paper Awards**

Keynote papers are selected in 2 steps:

When the TPC meet, they will carefully shortlist up to twelve abstracts in the KNP first selection then in May, a small committee will select the KNP winners based on their manuscripts. The Keynote papers will receive an extended 30 minutes slot for their presentation and a prize of €250. For a paper to be considered for Keynote status it should report original research or review a topic of interest to the PM community. It must not have been published or be under consideration for publication elsewhere.

**EPMA PM Thesis Competition 2024**

This competition is open to all graduates of a European University whose thesis has been officially accepted or approved by the applicant's teaching establishment during the previous three academic years. Thesis, which must be classified under the topic of Powder Metallurgy, are judged by an international panel of PM experts, drawn from both academia and industry. Winners are awarded prizes of €500 and €1,000 for Masters and Doctorate levels respectively, sponsored by HILTI; complimentary registration to the Euro PM2024 Congress & Exhibition courtesy of EPMA. Submission will open on December 2023, deadline **24 April 2024**.

More information can be found about the EPMA Thesis Competition 2024 at [www.epma.com/thesiscompetition](http://www.epma.com/thesiscompetition)

**Peter Brewin Poster Award 2024**

This award celebrates the contribution made over many years by Dr Peter Brewin to the Association, both on its Board and Council, as well as, his successful period as Technical Director from 2001-2007. The Award forms an important and public recognition of the contribution made by poster authors to the EPMA’s annual Congress. The Award will be in the form of a plaque and an honorarium of €250 to the poster author who, in the opinion of an independent panel of judges, has submitted and displayed the best overall poster at the event. All authors presenting a poster are automatically entered for the prize.

**Campfire Meetings**

The inaugural Campfire Meetings held during Euro PM2019 were a huge success. Lots of interesting discussions were held resulting in many questions being answered and enhanced networking taking place.

To submit a topic for a Campfire Meeting at Euro PM2024 visit [www.europm2024.com](http://www.europm2024.com).
Euro PM2024 Exhibition

The Euro PM2024 Exhibition, held in parallel with the Euro PM2024 Congress, will offer an excellent opportunity for international suppliers to the PM industry to network with new and existing customers from throughout the powder metallurgy and associated sectors. If your company supplies the PM Industry with products or services, the Euro PM2024 Exhibition is the event you need to exhibit at, attracting many key PM decision makers, who could be your next customers. Exhibition stands are sold on a ‘first-come-first-served’ basis with full details, including a copy of the exhibition floor plan, available on www.europm2024.com.

About Malmö

Malmö is the largest city of the Swedish county of Skåne County, the third-largest city in Sweden, after Stockholm and Gothenburg and the sixth-largest city in Scandinavia. Malmö was one of the earliest and most industrialized towns of Scandinavia, but it struggled with the adaptation to post-industrialism. Since the construction of the Öresund Bridge, Malmö has undergone a major transformation, producing new architectural developments, supporting new biotech and IT companies, and attracting students through Malmö University and other higher education facilities. The city contains many historic buildings and parks and is also a commercial center for the western part of Scania.

Euro PM2023 Sponsorship and Advertising Opportunities

There are a range of outstanding sponsorship and advertising opportunities to help raise the profile of your company in the powder metallurgy industry. Full details of all available packages for Euro PM2024 Congress & Exhibition can be found at www.europm2024.com/sponsorship-information
